Total Fire Protection

Sprinkler/Standpipe/Fire Pump Testing

per NFPA 25, 2002 Edition

Is your Building(s) compliant?

All NYC and Long Island Buildings must be compliant.

Local Fire Marshalls and FDNY Inspectors are strictly enforcing the NFPA 25, 2002 Edition Code regarding your Sprinkler and Standpipe Inspections, Testing, and Maintenance.

Although you are an Engineer or have your C of F you are not qualified to perform all of the required testing and inspections.

Required Testing by MFSPC

- **Quarterly Testing**
- **Semi-Annual Testing**
- **Annual Testing**
- **5 Years, 10 Years, 20 Years Interval Req.**

***Code Reference Guide**

Note: Fire Pumps are no longer required to be operated weekly. The new NFPA 25, 2002 Edition which was recently adopted by FDNY requires Fire Pumps to be operated monthly.

We provide all the required Log Books for the inspections, testing, and maintenance to keep your building(s) in compliance.

Contact Total Fire Protection for a complete survey and submittal for your required NFPA 25 Inspection, Testing, and Maintenance.

BE Prepared before your local Fire Marshall or FDNY Inspector arrives!
